Let the Redeemed of the Lord say So

We were blessed this past month as eight men graduated from our regeneration program. God's faithfulness and goodness were spoken of over and over again as the men and their families shared their testimonies. Each one of these men have experienced a true miracle; they once were dead but now they live. This new life they have today, free from the bondage of alcohol and drugs, is because of the grace and mercy of our Lord Jesus Christ. Each one of these men have had a true salvation experience with the Lord and their lives have forever been changed by the indwelling work of the Holy Spirit. As our friends and partners, your prayers and support are invaluable and pave the way for God to do His life changing transformation. Dunklin is committed to keeping Christ at the core of all we do. It is only because of His goodness and provision that we are able to continue and maintain this Christian community, offering hope and healing to the lost and broken. It is with great joy and gratitude that I am able to once again say that all our bills are paid and we hold no debt. Thank you to all of our our faithful supporters and friends. God bless you.

God's Regeneration Process at Work Again

Jamie, Jessica & Bryce Johnson

I am 28 years old and I have a seven year old son, Bryce, and a wife, Jessica. Throughout my childhood I had a lot of dysfunction. I lost my father when I was 12, and my mother when I was 18. Through those events, I never had a relationship with Jesus Christ, so my life was in shambles. Along the way I became a liar, a drug addict, and a thief. I took my family places they should not have been. I did not care about them nor myself. I have learned to have a relationship with Jesus Christ and how to love my self and others the way He loves me. This has only happened through this program. Now my relationship with my wife is renewed and we are beginning a new life, with God as the head of a stable home in which we will raise our son. I am very grateful for Dunklin and how God speaks through the staff. **Jamie Johnson**

Codie, Kim, Ken & Hayle Lunday

I am married to a beautiful woman named Kim and have two kids: a 16 year old daughter named Hayle and a 13 year old son named Codie. I came from many years of addiction and my family was done with me. In October 2011 I found myself under a bridge and then in a homeless shelter. Without any hope, I was trying to end my life. The Lord saw fit to give me grace and put people in my life who helped me get to Dunklin that December. Since that day, the Lord has restored my marriage to a place I never thought possible. We celebrated 17 years of marriage while here. My family enjoys the person the Lord has turned me into and we are looking forward to the future He has planned for us all. I thank the Lord and Dunklin for the opportunity at a renewed life. **Ken Lunday**

Dunklin has been a divine appointment from God for me. Throughout my program, I have taken a good look in the mirror at the man I was, the man I am now and the calling that God has for my life. Before coming here in November 2011, I had become homeless due to my prideful and selfish attitude. Desperate and hopeless, I found myself panhandling. I met Nick O'Rourke, a Dunklin graduate, and Jay Doss, who acted just like the Good Samaritan and gave me the opportunity to come to Dunklin. Since being here, I've developed character, integrity and a sense of self-worth. Most importantly, God gave me the opportunity to be in relationship with Him. Some days my journal was all I've felt I've had. I am forever grateful to God, Brother Mickey and the staff. The values I've gained here and the renewing of my mind will be a blessing to everyone I come in contact with. **Kenny McIntire**

or still is, addicted to drugs or alcohol. Growing up I always had free range to do what I wanted. So I chose to use drugs. I was very selfish and careless. I had no respect for anyone, especially not for authority. I have been on probation since I was 12 years old. I never really know how to live like a responsible person. Since being here I have learned how to be in relationship with and to respect others. I know now that I don't have to live like I did. I am worthy of God's love and everything else He has for me. The biggest thing I have learned how to do is to make the right decisions and that what I want isn't always right.

to be a son, father, husband, brother and friend. I had no clue how to be any of these. I have a relationship with God that before I never dreamed possible. I came here dependent on drugs and alcohol and will be leaving dependent upon the Lord.

Brad Park

I come from a 14 year cocaine addiction. I came down here from North Carolina, not expecting much. I've been to programs before and nothing has ever worked, but I knew I needed

help. When I arrived at Dunklin I was in so much self-pity and self-condemnation and I never thought I would change. I've put my family through so much misery and I thought I would never be able to let go of my past. Throughout my whole program I have asked God to change everything about me, because I didn't want to graduate and be the nasty person I was when I came here. Today I can say with all of my heart that I am not the same guy. I no longer dwell in the past. Today I have joy and I know God has a plan for my life. He is alive and doing great things in my heart. It is so good to see and believe who Jesus truly is and who He says I am. **Brad Park**

Jeremy & Annie Crawford

I can remember the one hour drive to Dunklin on November 15, 2011. My wife was afraid to be alone with me so her sister came along to drop me off. My marriage was in horrible shape and I had no hope for it. Everyone who loved me was hurt and therefore done with me. Since I have been here, the Lord has worked in my heart on my selfishness, my pride and many other things that were contaminating me. I am learning how
