

## Mother's Day 2023

mom

We asked a handful of men to write a few words of appreciation to their own Mothers. What resulted from that is what reads below. I think it would be safe to say that if there was one person in our lives who loved us through all the "ups and downs", it was Mom. To all of you reading this note, we say 'Happy Mother's Day!' Thank you for always being there for us, believing in us, and praying for us. Where would some of us be without you? You have reflected the love of the Lord and we are grateful.
