Rescued, Redeemed, and being Restored!

The fifteen men pictured above recently graduated from our regeneration program. It is amazing to think of what actually took place in each of their lives. Their stories are all slightly different. The details of each deviate from the others. But in the end, the overall result is the same. These men were all *rescued* from a perilous place. They were without hope and on the verge of physical death and had no spiritual life at all. They were then *redeemed* by their Savior, Jesus Christ. He brought them out of a dark place and into the light of life. Now they are being *restored*. This adventure to wholeness in Him has just begun. Some of them are staying at Dunklin to further their growth. Others are following the lead of the Spirit and embracing the call to go to other ministries, or back to work and life with their families. No matter where they go, they have a precious gift dwelling within them that affords them an opportunity for an abundant life. Please pray for each man, that God's grace extends to them and that they will continue to have a heart that responds to the love of the Father. Thank you all for believing in the power of regeneration and for investing in this process of transformation that takes place in these men.

“After forty years of drug and alcohol addiction, I was a spiritually and emotionally dead man. The choice between life and death had become a difficult one. As the architect of my own life, all I did was build and destroy. But the Lord brought me to Dunklin, and through His grace and mercy, he did more than save my life—he gave me a new one. He has renewed my mind and softened my heart. I look forward to walking in His purpose for the rest of my days.” - *Carlos Santini*

“My life was a mess before coming to Dunklin. I was living in a constant state of fear, loneliness, and depression. Every decision I made was based on feeding my addiction. I was heading down a road leading to death, but God had better plans for me. It was only by His grace that I am still alive. The best gift I've received is being able to hear His voice. God is taking me places that I could have never imagined before.” - *Kameron Leone*

“ I was a heroin addict twenty-seven years ago, but the Lord healed me of that addiction when I surrendered it to Him. Following that, He called me into pastoral ministry. Unfortunately, I took credit for what He was doing through me. I fell back into my selfishness and in my foolishness and pride, I became an alcoholic. I went on a drinking binge when my last church failed. The Lord brought me to a crisis and drew me to Dunklin. I am thankful for what God has done and is doing in my life. I am truly grateful for His grace and mercy.” - *David Crapnell*

“ For twelve years, I was addicted to anything that made me feel better. I alienated myself from my family and loved ones. Since being here at Dunklin, the Lord has shown me how to love myself and those around me. He has brought me out of the dark depths of my addiction and has set me free in a way I never imagined. ” - *Jacob Rodriguez*

“ I come from a lifestyle shaped by drugs and alcohol. I hurt my family and destroyed my life. I did not have a relationship with God. I’ve been in multiple jails and hospitals after overdosing. I was selfish. I lied, stole, and manipulated to get what I wanted. Today, I am alive because God did not give up on me. He chose me. He is showing me more and more who I am, who He is, and what he wants to accomplish in my life. My intent is to follow Him and do whatever He desires. ” - *Mourad Issaoui*

“ Alcohol controlled my life. I lost everything: my marriage, my children, relationships, and a thirty year career with Palm Beach Gardens Rescue. I was hopeless and without vision. But God, because of His loving grace and mercy, rescued me from my self-destructive lifestyle. Since bringing me to Dunklin, the Lord has restored my heart and is continuing to restore my family. He has given me purpose and a peace that comes from the Holy Spirit. ” - *Steve Rogers*

“ I come from a thirty year addiction to anything that would numb my feelings. Because of God’s awesome grace and mercy, the Lord brought me back to Dunklin to finish what he started years ago. This could have gone a totally different way if He had not been so good to me. I want to thank the Lord for blessing me with another chance at life. I’m looking forward to staying for Stage 2 to continue growing and seeking out God’s plan for my life. ” - *Brad Settle*
